

The WisConservation Trail Riders is a chapter of the Cycle Conservation Club of Michigan. While those of us in Wisconsin work on the development of riding areas in our state, we want a place to ride today. Because of the great Michigan trailing riding opportunities, we have established this Wisconsin chapter of the Cycle Conservation Club of Michigan. We are a group of Wisconsin and Midwestern motorcycle trail riders who ride and enjoy the established

Michigan motorcycle trail system. Over the years, those of us who do not live in Michigan have discovered Michigan's outstanding riding opportunities and have taken advantage of these trails.

Michigan has some of the best off-road motorcycling in the country with hundreds of miles of single-track motorcycle trails located in both the Upper Peninsula and Lower Peninsula. Our chapter develops a riding schedule for the year that gives opportunities to ride different areas in Michigan with other enthusiasts. Some of our events are WisConservation Trail Riders activities and others are promotions within the CCC.

WisConservation Trail Riders are also interested in activities and issues such as helping the CCC with trail maintenance of the Porterfield Lake trail, developing new riding areas in Michigan, working on establishing motorcycle trails in Wisconsin, working with other groups to establish trail systems, promoting safe and responsible off-road riding, and participating in current legislation to keep our sport open for future generations.

If you are interested in spending more time on the trail and less time looking for places to ride, consider joining the WisConservation Trail Riders today, and we will see you on the trail.
